

## **Attention 4E Wave Members! Exciting News Alert!**

### **Interactive Sessions on Energy Conservation on board!**

Dear 4E Wave Community/ members,

We are thrilled to announce the launch of interactive sessions on energy conservation, brought to you by esteemed energy experts from both India and abroad! As you know, Education is one of the core elements of the 4E Wave initiative, these energy conservation sessions are designed to empower you with the knowledge and tools to make a meaningful impact in the field of energy conservation.

Whether you're a student, a professional, or simply passionate about sustainability, these sessions are open to all!

Mark your calendars for our first session, as we present a Key note Speech by one of the renowned energy experts,

**Mr. Rajneesh Agarwal, Group General Manager, Operation & Maintenance, Jammu Unit, from NHPC Limited!**

**Date:** 15th February, Thursday 2024

**Topic:** Energy Transition

**Time:** 3- 4 pm

**Link for the session:** will be shared separately to your registered email address

**The sessions are absolutely free of charge, no joining fee required.**

**Certificate of Participation** will be issued to all the members who attend the session.

Let's come together to educate, inspire, and take action towards a greener, more sustainable future!

See you there! ⚡

Further, as you are aware that various **Nation-wide contests** have also been organized under the 4E Wave campaign through our web portal [www.4ewave.com](http://www.4ewave.com) . We request all the 4E Wave members to share the information with their contacts, so as to ensure maximum participation in the contests! An advertisement regarding the contests is enclosed herewith.

Please visit [www.4ewave.com](http://www.4ewave.com) for more details.

With regards

Core Team
